KING ROOF

■ 40 YEARS EXPERIENCE IN MANUFACTURING, TESTING, AND DESIGNING CAR RACKS

Since 1977, we are proud to have 40 years of experience in the field of bike carriers, roof racks, and pet barriers. We offer the state of art technology in manufacturing and validating car racks and bike carriers.

King Roof Industry has evolved from a professional manufacture of car rack system to a world class center of manufacturing, designing, and testing car racks in Taiwan.

■ KING ROOF PLANT, TAICHUNG, TAIWAN

The professional car racks manufacturing plant in Asia — 15,000 square meters producing more than one million bike racks in the past 40 years.

■ QUALITY MANUFACTURING ASPECT

We invest multi million dollars in state of arts facility and only hired highly skilled staffs.

To achieve the goal of creating unparalleled value to customer we implement IQC, IPQC, and OQC at each manufacturing stages. in order to maintain the consistent quality and reduce the cost, standard of practice (SOP) and lean manufacturing (TPS) are thoroughly practiced in each production run.

Automatic Cutting Machine

Punch Machine (30T to 300T)

Japanese Welding Robots

Clean and Organized Warehouse

CNC Bending Machines

6 Loading Docks

Modern Assembly Line

Tooling Facility

■ INNOVATIVE DESIGN

At King Roof, we believe that product development is the driving force that enables a company to grow. our R&D team is comprised of highly experienced engineers who follow Germany TÜV guideline to design the safest and the most innovative products. And we also offer engineering service ranged from initial design, simulation, assembly instruction, commercialized packaging and CAE analysis.

■ PROFESSIONAL TESTING

King Roof conducts chemical, physical, static and dynamic tests according to European Standard by TÜV NORD on all products before they reach the market so that we can guarantee optimal value, quality and durability.

Ramp Test

Rough Road Test

Roof Carrier City Crash Test

Car Carrier Static Test

Vibration Test

Fatigue Test

Tensile Strength Test

Hardness Test

Salt Spray Test

Carton Bursting Test
